SPECIAL NOTE: CHILDREN'S POLICIES:

Typically, children could possibly qualify as early as age 6, dependent on height. Parent, would of course, have to be with the child (in same station) and both have eye and ear protection. The minor must be able to easily see over the shooting bench and cannot stand on anything or be held up to shoot, a Range Safety Officer will accompany first time shooters to determine these parameters and overall safety to approve the child to shoot, G2G reserves the right to refuse any child participation where safety is an issue. Disqualified children may re-apply at a later date. Parent will be required to sign an additional waiver prior to child's participation.

I acknowledge receipt of the G2G family Shooting Safety Rules and Regulations. I further acknowledge that I understand these rules and that I agree to abide by these rules and regulations while I participate in activities at G2G Family Shooting.
