

We haven't offered this class in a while, but it was very well received by the public. It is our "draw from the holster" class. It is a series of two classes see attachment. If you have a little experience and you want to take your game to the next level this is for you. Or, if you have a desire to join one of our competitive shooting clubs where the shooters are drawing from the holster...this class will definitely be for you.

Please note:

- You need an outside the waistband holster... not leather or bellyband
- You need electronic ear protection so that you can hear the instructor thru all the noise. She has a couple of extra pairs if you need a pair.
